Background

Women in Health Administration of Southern California (WHA)

Women in Health Administration of Southern California (WHA) is a nonprofit professional association for women healthcare leaders.

Since its founding in 1981, WHA’s membership has grown to over 200 healthcare leaders working for nonprofit and for-profit payers, providers, regulatory agencies, and support services organizations. Our educational and professional development forums provide a vehicle to learn from key leaders, policymakers, and experts, and to meet firsthand the individuals shaping and influencing healthcare.

We are also concerned with mentoring young women and promoting the visibility of female healthcare professionals. Our commitment to students – the future leaders of healthcare – is thus supported by an annual scholarship program for qualified students in graduate programs. In addition, we promote the visibility of current leaders through our annual Woman of the Year Award, write-ups, and inviting them to speak at our events.

WHA is a nonprofit 501(c)(6) professional association supported by membership dues and corporate sponsorships. We are a designated Women’s Healthcare Executive Network affiliate of the American College of Healthcare Executives, which provides members a wide network of professionals throughout the United States.
Mission: To support the professional growth and advancement of women working in administrative healthcare positions.

Vision: To be the premier professional organization for women who make a career in healthcare administration.

Core Values:
- Provide forums for professional growth and career development.
- Create opportunities for quality networking and personal growth.
- Raise awareness and understanding of current healthcare issues.
Each year, WHA honors a woman who demonstrates and is aligned with the Mission, Vision and Values of WHA. The honoree is chosen from a diverse group of several outstanding candidates. WHA celebrates the honoree’s contributions and through a Gala that is widely sponsored by and attended by providers, entities, and partners.

Sponsorships

Thank you for your interest in becoming a 2019 WHA Woman of the Year (WOTY) Sponsor! WHA and its members place a high value on sponsorships, which provide several mutually rewarding benefits. Organizations that sponsor WHA receive recognition as a valued supporter of our mission and values, as well as opportunities for marketing to, and networking with, our members. Sponsorships provide WHA with additional resources that enable us to plan high-quality events and provide our members other opportunities for professional growth.

Where do my sponsorship funds go?

All sponsorships go to cover the costs of both the WOTY Gala and WHA Scholarships. Any additional proceeds are used for future WHA events and professional development programs.
Scholarships

Graduate Student Scholarship

The Graduate Student Scholarship is a scholarship for a full-time graduate or professional degree student who is currently enrolled in a graduate or professional degree program at an accredited California college or university. The scholarship rewards students who demonstrate a commitment to a career in health administration and to advancing the goals of WHA.

Gail Margolis Professional Development Scholarship

The Gail Margolis Professional Development Scholarship is named after Gail Margolis who was a founding WHA member, a past president, an advisory board member and the recipient of our very first Woman of the Year award. Gail was a mentor to many and a strong advocate for continuing professional development. This scholarship is awarded to any WHA member enrolled in a professional development program to support their advancement in Health Administration.
